

FITTING INSTRUCTIONS FOR DAYLIGHT RUNNING LIGHTS IN TUBULAR WINCH BUMPER

- Kit includes:
- 2 x Lights
 - 2 x Brackets
 - 8 x Spacers
 - 4 x Small Screws
 - 8 x Screws
 - 2 X Retaining Rings

STEP ONE

Insert the light fitment into the bracket and secure with the 2 small screws either side.

STEP TWO

Insert the bracket into the bumper recess. Place the 4 spacers over each threaded hole.

STEP THREE

Place the grille on top of the spacers and use the 4 long bolts to secure them in place.

Note: Retaining rings are provided in cases where the front grilles are not used.
